U.S. Reservation Process FAQ

How much does it cost to reserve a commemorative mower?

A **\$1,000 non-refundable deposit** is required per machine. This deposit will be applied directly toward the total cost of your mower.

What is the maximum number of machines I can order?

You can reserve **up to three machines** per transaction/cart. If you wish to purchase more than three, you will need to go back through the checkout process again.

What time do reservations open?

Reservations open on **August 18, 2026, at 12:00 PM Mountain Time**. They will remain open until all 200 units are reserved, after which reservations will no longer be available.

What is the checkout process?

- **Step 1:** Enter your contact details. Your address will be used to locate nearby dealers.
- **Step 2:** Select a dealer. The nearest dealer will be selected by default, but you may choose any authorized dealer where you'd like your commemorative model delivered.
- **Step 3:** Select your deck option. Every commemorative model ships with one compatible deck. An option is available for no deck. *Note: If reserving multiple mowers, you must select a deck option for each.*
- **Step 4:** Enter your credit card information to pay the deposit and receive confirmation.

Can I choose my machine's serial number?

A reservation guarantees you a commemorative machine, but specific serial numbers (e.g., #5/200) for the machine cannot be requested or chosen.

What if I have an issue trying to reserve my machine?

Give us a call if you are having trouble reserving your machine once reservations are open. You can reach us at 866-925-5379
