

Standard Features

• **Use industrial grade engines**, all of which are OHV, exhaust emission certified and pressure lubricated.

• **Hydrostatic transmissions and gear drive axles** have been proven in years of service. Hydro-Gear® transaxles feature a 3-year warranty for H Models, 2-year warranty on Modes B, S, C27i, and R22x, and 300 hours on the Model R22. Walker Model 7 hydrostatic transmissions and gear axles feature a 3-year warranty.

• **All gearboxes use ball or roller bearings** and are permanently lubricated.

• **Manufactured with a durable all-welded steel frame** (3/8" x 2 1/2" main frame) or 3/16 plate steel uni-body frame for Models S, C27i, B, H, and R.

• Body (14GA) and deck (11GA) are **welded steel construction**.

• **Industrial grade drive belts** can easily be removed and replaced in the field.

• **Belts tensioned** by self-adjusting, spring-loaded idlers.

• Use simple **mechanical belt tightener** PTO clutch and brake. Models S, R, C27i, and B use an integrated electric blade clutch and brake.

• **Quick disconnect**, splined PTO drive shaft connection speeds deck installation.

• **Parking brake** uses a mechanical lock in axle.

• **GHS air exhaust screen** is removable for easy cleaning.

• **Gas springs** with dampening action are used on grass catcher door and tilt (GHS model), and body tilt-up.

• **Tapered roller bearings** are used on deck caster wheel pivots.

• **Suspension seat** is standard on Models D, H and B27ix.

• **Comfort seat** is standard on Models T23, T27i, C27i, R22x, and B.

Collection and Non-Collection

Two types of models are offered – Collection, utilizing the Walker Grass Handling System® (GHS), and non-nollection, exclusively using discharge and mulching decks.

Collection (GHS)

Grass handling decks efficiently deliver cut material to the internal blower which then propels and compacts the debris into the catcher box. Discharge and mulching decks can be installed on GHS models when catching is not required.

Non-Collection

When grass collection is not needed, configurations without the GHS system utilize discharge and mulching decks.

Some models shown with optional add-ons.

Accessible

Standard on all Walker decks is the tilt-up function. This feature makes blade and deck housing maintenance easy and safe. This is a considerable advancement in mower design when compared to jacking up the mower and laying on the ground to access the deck underside.

Tilt-open bodies quickly expose engine and drive train for service and easy maintenance.

Add-ons Compatibility List

| Description             | The S18 continues to build on the Model S platform with an 18 HP engine and Walker's patented Grass Handling System® with Thru-Shaft PTO and 12.75 inch two-piece blower housing for easy removal. It is faster and more powerful than earlier Model S designs, and is designed to be productive and efficient. Able to run 36 to 56 inch decks, the S18 is the perfect choice for residential properties, gated yards, or demanding customers. | A durable design combined with a proven Rehlko Command Pro CH620 engine, the C19 provides agility, maneuverability, and high-capacity mowing. It is a popular machine for commercial operators getting started in high-end property maintenance. | The C27i features a new chassis design, redesigned 13.25 inch internal grass handling high output blower for optimal flow with a two piece housing for easy removal, electric blade clutch, and Hydro-Gear ZT3100 transmissions making it the fastest Walker collection mower available. Experience the future of fast, easy, beautiful mowing. | Favored by lawn maintenance professionals, the Model T23 offers the perfect balance of power, agility, durability and versatility for a wide range of mowing applications, making it a popular choice for over thirty years. The carbureted Rehlko Command Pro CH680 engine provides maintainable power for any job. | A powerful air-cooled engine with EFI technology delivers a responsive, fuel-efficient performance. This mower provides powerful acceleration and throttle response. Built-in diagnostics and service light on the instrument panel simplify troubleshooting. | The D21d is a premium commercial GHS mower with impressive industrial power and agile, premium-quality mowing. Featuring the Kubota D722 liquid cooled, diesel engine, and a standard GRAMMER suspension seat, the D21d is designed for all day comfort and long machine life. | The Model R22 is the perfect Walker Mower for residential properties. The belt-driven mower blades make operation smooth and quiet without compromising on the Walker Mower's distinct advantages. Fast, easy, beautiful mowing is the standard, and the Model R brings the premium Walker experience home. | The Model R22x offers commercial landscapers an on-ramp to the full Walker line up. It delivers the same smooth, quiet, and reliable performance operators expect, with great versatility and ease of use. This is achieved through a combination of upgrades: commercial-grade transaxles enable use by contractors for high-demand properties; a well-cushioned comfort seat enhances operator comfort; 20-inch drive tires provide superior traction on diverse terrains, coupled with spread axle tail wheels add exceptional stability and a smooth ride; and integrated headlights ensure safe operation during low-light conditions. | Perfect for users looking for carbureted, commercial mowing power, the Walker B23 packs a lot of muscle into a compact footprint. The B23 features a new chassis and body design reducing weight and accentuating hillside stability and the Walker beautiful cut. | This higher horsepower version of the Model B adds a Rehlko 26.5 HP, EFI engine and includes a clamshell body and Ogura electric clutch; resulting in a powerful, efficient package for running larger decks. | The B27ix is a high-performance, non-collection mower designed to aggressively compete in the high-production commercial mower market. It features a 26.5 HP Rehlko EFI engine and supports decks up to 74". The machine is purpose-built for large-scale commercial properties where efficiency is paramount. With a modern, aggressive visual identity and new fenders to reduce operator splash, the B27ix offers a superior power-to-weight ratio, providing better hillside control and improved productivity than bulkier competitor machines in its class. | For discerning operators, the H24d delivers an impressive package. Featuring a Rehlko KDW1003 diesel engine with 1028 cubic centimeters of displacement, the H24d provides consistent power and smooth, quiet operation. The self-cleaning radiator, 9.4 gallon fuel capacity, and Seats Inc. suspension seat allow for comfortable extended operation. The standard utility bed and optional add-ons make the H24d a versatile, year-round performer. | Two strong design advantages—out front mowing and Rehlko's Delphi electronic fuel injection system—have been brought together in the H27i. Featuring a Rehlko Command Pro ECH749 engine, the H27i is an ideal combination of horsepower, productivity and fuel efficiency. | The H38i is the most powerful Walker Mower featuring 38 horsepower, Delphi® fuel injection, and impressive torque. This machine is capable of operating all of Walker's biggest decks and attachments with ease. The H38i features a rear axle for superior handling at high speeds on rough ground. This, along with a suspension seat, provides personalized comfort keeping you productive on long days. |
