

Walker Manufacturing**Manufacturing Welder – Lawn Mower Manufacturing**

Location: Walker Manufacturing – Fort Collins, CO

Range: \$18.00-25.00/hr

Position Overview:

Our manual welders are responsible for fabricating mower components through MIG welding and related techniques. This role requires welding experience, attention to detail, consistency, and the ability to follow patterns and preform quality checks. Progression includes mastering multiple weld assemblies, troubleshooting defects, and training others.

Key Responsibilities:

- Secure raw components, fixtures and jigs, used to manufacture assemblies.
- Perform MIG welds following a pattern.
- Inspect welds for accuracy and communicate issues to group leader.
- Maintain a clean and safe work area while following all safety standards.
- Meet daily production goals at assigned station.
- Proficiently weld multiple mower components with consistency and accuracy.
- Perform in-process quality checks on welds to ensure strength and finish.
- Identify and correct minor weld defects.
- Adapt to different weld assemblies as production requires.

Qualifications:

- Previous experience in a manufacturing or related environment preferred.
- On Site welding test demonstrating the ability to adjust equipment and perform acceptable welding technique.
- Familiarity with hand and power tools relevant to the department.
- Ability to follow patterns and instruction to produce parts with accuracy and consistency.
- Physical ability to stand for extended periods, perform repetitive motions, and lift up to 40 lbs as needed.

Personal Attributes:

- Reliable and punctual with a strong work ethic.
- Positive attitude and willingness to contribute to team success.
- Flexible and willing to assist wherever needed on the production floor.
- Commitment to producing high-quality work with pride and care.
